Author Adam Harmes has a Ph.D. in political science from York University , and is a fellow at the Munk Centre for International Studies at the University of Toronto . He has studied the global financial situation for some years, and , in this prophetic book, which is part economic & political analysis and part journalistic expose . he issues a sharp warning to countries that wish to prosper economically, but at what cost ? . Why did the currency crises from Europe to Mexico to Asia suddenly become less predictable and more damaging in the 1990s? . What forces are driving the trends of soaring executive salaries and mass layoffs within our major corporations ? . What is causing the pressures on government spending cuts to social programs ? . How can we explain the unprecedented bull market of the past few years, along with the stock market volatility ? . This book shows how the explosion in mass investment through Mutual Funds and pension funds represents far more than the growth of a particular industry; rather it means a sea change in the power of financial markets and an economic , political and cultural phenomenon that lies behind many of the trends in the global economy. This book explains how...
