Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, Social Class in the 21st Century, Mike Savage, A fresh take on social class from the experts behind the BBC's 'Great British Class Survey'. Social class has re-emerged as a topic of enormous scholarly and public attention. In this book, Mike Savage and the team of sociologists responsible for the Great British Class Survey report their definitive findings and propose a new way of thinking about social class in Britain today. The book presents the ideas and facts behind their new conceptualization of class: a new British class system composed of seven classes that reflect the unequal distribution of three kinds of capital: economic (inequalities in income and wealth); social (the different kinds of people we know) and cultural (the ways in which our leisure and cultural preferences are exclusive). This book looks beyond labels to explore how and why our society is changing and what this means for the people who find themselves in the margins as well as in the centre. Mike Savage is Professor of Sociology at the London School of Economics. He has written this book in collaboration with the team of sociology experts behind the Great British Class Survey: Niall Cunningham, Fiona Devine, Sam Friedman, Daniel Laurison, Lisa McKenzie, Andrew Miles, Helene Snee and Paul Wakeling.
