Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *A Compendium of Ecclesiastical History, Vol. 1* Dr Gieseler's *Compendium of Ecclesiastical History* is marked by peculiar excellencies. It occupies an important position of its own. The text is very brief and condensed, marking the results at which the learned author has arrived; while the accumulated materials in the notes enable the reader to see at once the basis on which the statements of the text rest. If the student be not convinced of the correctness of the assertions made by the historian, he can easily draw his own conclusion by the help of what is presented to him. The work is characterised by immense research, and by striking impartiality. In the latter respect, indeed, the author has been blamed by some, his spirit of impartiality preventing him from expressing a decided opinion, where it would be desirable to throw the weight of his authority into the side of truth. There is also an air of dryness diffused over the work, inseparable perhaps from its exceeding brevity, but also indicating a deficiency in vivid sketching. The excellencies, however, far outweigh any minor faults that may be supposed to belong to it. Its rigid impartiality is its chief recommendation; and the abundant references and quotations in the notes supply the want of a library such as very few have within their reach.
