In conclusion: -- He who would know the greatest secrets of nature, let him regard and contemplate the minima and maxima of contraries and opposites. Profound magic it is to know how to extract the contrary after having found the point of union. Aristotle was striving towards it, but did not attain it, said Bruno; remaining with his foot in the genus of opposition, he was so fettered that he could not descend to the species of contrariety. but wandered further from the goal at every step, as when he said that contraries could not co-exist at the same time in the same subject. 1 There is a naive but at the same time a bold realism in this demand of Bruno s that reality shall correspond even to the simpler unities...
