Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Elements of Psychology: Applications to the Art of Teaching, on the Basis of Outlines for the Use of Use Schools, High Schools, Circles, and Students The issue of a portion of Sully s new work in this form makes necessary the following explanation. Mr. Sully s large text-book, The Outlines of Psychology, published in 1884, gave such prominence to the application of psychology to education as to suggest the desirability of separating this portion from the main text, and issuing it in a cheaper and more convenient form for general use of teachers. As soon as this demand became apparent, the publishers at once communicated with Mr. Sully upon the subject, and he replied that an abridgment of this kind was a thing he had already purposed to do, and would immediately undertake the work and complete it without delay, so that it might be ready the first of the year, as intended, and the announcement was widely published. Nothing has been permitted to hinder the progress of the work, but it has been found impossible to issue it in satisfactory shape as soon as anticipated. In the mean time, the publishers were repeatedly applied to by those who wanted to be commissioned to edit the new edition of the Outlines.
